Saturday Skill Shoppes are especially designed for volunteers and part-time leaders. Conferences are flexible from 1 1/2 to 6 hours in length. Choose the conference you want and which topics you would like to be covered. Most conferences are scheduled from 9 a.m.-noon.

Saturday Skill Shoppes have grown out of an effort to assist in providing music leadership training for volunteers. **Please help advertise and implement this program.**

Your Church Music Department will be contacting the associational mission directors and associational music directors to suggest this ministry for 2010. **You may select only one workshop of the above or you may desire to have all four simultaneously** at an associational office or a local church of a bivocational music director. **The Church Music Department will provide leadership.**
