

Volunteer Mission Report

2010-2011

Each year our department is responsible for reporting to the Mississippi Baptist Convention Board the number of people in Mississippi who were involved in volunteer missions (where they went, type of work, etc.)

Please help us by reporting your church and/or association involvement. If you have pictures or stories you would like to share with us, please include this information with your completed form. Please return to us a form for each project that your members participated in. Feel free to make copies as needed.

Please be sure to include all projects from August 2010 through July 2011. Report is due by August 5!

Mail reports to: Mississippi Baptist Convention
