A HISTORIC CITY... AND LOST

Krakow is the ancient capital of Poland with nearly a million inhabitants. It is a beautiful city and was largely untouched by the destruction of World War II. Often considered the ancient center of Catholicism in the country, it is a proud, historic cultural center for the country and is terribly lost. Three small Baptist churches with a combined membership of 250 members and an evangelical community of less than a thousand seek to be salt and light in the city. A fourth Baptist church will launch in September, 2017 with a vision for multiplying churches over the coming decades.

SEEKING PARTNERS

The Polish/American church planting team is seeking evangelistic, faith-filled partners to join the strategy to reach the city. We are restarting the work in Krakow and the Lord is already opening doors. Volunteers can accelerate the pace and extend the reach of the local team and are welcomed to become true partners. The make-up of the church team will contribute greatly to the concrete plans of the trip. Most teams come and do 3-4 of the strategic approaches like:

- Teaching English in college or high school classes
- Student campus outreach events
- Engaging students in one-on-one English practice and spiritual conversations
- Organizing a coffee house outreach program
- Leading sports clinics or tournaments (3 on 3 basketball, baseball clinics, etc.)
- Light renovation (i.e. painting a church fellowship hall),
- Service project (i.e. clean public park or light playground construction),
- Prayer walking
- Encouraging the existing Baptist churches through training and service opportunities
- Conducting surveys in public parks
- Leading a Children's Day Camp or Backyard Bible Club
- Children's outreach in a park
